

# 2021-2022 SCHOOL LUNCH CHANGES

## ALL STUDENTS ARE ELIGIBLE FOR FREE BREAKFAST AND LUNCH MEALS

Even those who do not apply for free and reduced meals are eligible for free meals for the upcoming school year. The student must take all the necessary components of a nutritious meal to qualify. For example, a slice of pizza does not, while a full plate meal qualifies. [See more information here.](#)

### The No-Change Procedure Will Continue

We will be continuing the no-change procedure for the 2021-2022 school year. Students may bring in cash to pay for meals and to add to their lunch accounts. However, no change will be given back to the students. Any balance due will be added to the student's lunch account for later use. The no-change procedure will help reduce contact and increase line speed.

### Fill out Free & Reduced Applications

Although all students are eligible to receive breakfast and lunch for free, we strongly encourage families to submit the Free & Reduced applications. The Free & Reduced application affects more than just meals. Many families can receive additional benefits. [Fill it out online here!](#)

### Virtual and Weekend Distribution Changes

**Virtual Meal** handout has ended for the summer, and future meal distribution for the students who have elected to attend our virtual academy will receive communication soon. Unfortunately, **Weekend Meals** have ended for the upcoming school year. It was a pleasure to help out the community and we will continue to look for ways to address the needs of students.
